

Goldinger Trust Application

The Goldinger Trust is for the purposes of “promoting and expanding agricultural research for food and fiber and animal science in Israel”

Applications should consist of no more than two pages, letter size, and should follow the headings listed below as appropriate. The review committee is looking for the potential utility of the research to Israel. The Fund will accept applications for early stage development programs.

Note for multi-year requests, an acceptable progress report must be submitted before additional funds are released.

Application deadline: October 15

Grant distributions are anticipated to be made in December
