

The Human Services Relief Matching Fund

Jewish Federation of Delaware, in partnership with The Jewish Federations of North America (JFNA), is launching the Human Services Relief Matching Fund. This fund, which was made possible through the generosity of seven national foundations, offers an \$18 million match to the Federation system, creating a \$54 million increase for our frontline service agencies and programs serving Jewish community members.

We have the opportunity to raise \$180,000 right here in Delaware and the Brandywine Valley to increase our relief efforts. The matching fund will provide up to \$60,000 for our community!

All funds raised will be dispersed quickly to our local beneficiary agencies and programs that serve Jewish community members*.
